"Kaydens Car Trouble" by Ricyoung with KaydenLove

I'm not supposed to have favorites, but c'mon I'm human. This set is in my top favorites. It has an awesome plot (something I'd love to see more of in our submissions if possible), is photographed or selected well and the model looks like she's genuinely having a great time.

My favorite part of this set is KaydenLove's reflection on the car. Super sexy.
